RESOLUTION

WHEREAS, during the 2026-2027 school year, the West Holmes Local School District Board of Education ("Board") determined that the playground equipment at Killbuck Elementary is not needed for school district use, is obsolete, or is unfit for the use for which they were acquired; and

WHEREAS, the Board has determined that the fair market value of the playground equipment at Killbuck Elementary is five hundred dollars ($500) or less; and

WHEREAS, the Board intends to donate the playground equipment at Killbuck Elementary to an eligible nonprofit organization located in this state and that is exempt from federal income tax pursuant to 26 USC 501(a) and (c)(3); and

WHEREAS, pursuant to Ohio Revised Code Section 3313.41(G) a public school district

shall independently conduct a donation program under which any nonprofit organization desiring to obtain property to be donated by the school district shall submit written notice to the board, which notice shall include: 1) evidence that the organization is a nonprofit organization that is located in this state and is exempt from federal income taxation pursuant to 26 USC 501(a) and (c)(3); 2) a description of the organization's primary purpose; 3) a description of the type(s) of property the organization needs; and 4) the name, address, and telephone number of a person designated by the organization's governing board to receive donated property and to serve as its agent; and

WHEREAS, the Village of Killbuck Community Park has complied with the statutory criteria set forth above herein and the Board has reviewed the written submission and has subsequently determined that the Village of Killbuck Community Park shall have first priority for receipt of such donation, for the following reasons: 1) the Park supports purposes aligned with those of the school district by providing opportunities for outdoor recreation, physical activity, and community engagement for students and families; 2) the Park's purpose is to provide and maintain a welcoming recreational space for residents, including school district students and their families; 3) the Park supports the community through the upkeep of recreational facilities and outdoor spaces that promote health, wellness, and opportunities for community activities; and 4) the obsolete equipment will be used to assist with the maintenance and operation of the Park, helping preserve its facilities and grounds for continued community use.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Education of the West Holmes Local School District that a donation program for the purpose of donating playground equipment at Killbuck Elementary now obsolete, the fair market value of which is five hundred dollars ($500) or less, has been created, and such playground equipment shall be donated as obsolete school district property no longer needed for school district use in compliance with the

program to an eligible nonprofit organization, giving first priority of said donation to The Village of Killbuck's Community Park.
