Stock Up On Summer Reading

From the Desk of Mr. Zimmerly,

The following few sentences were part of my May newsletter for Nashville from May 2023. Then I am going to expand on how the year has gone.

One of the biggest reasons I am looking forward to this opportunity is to be able to see continued growth in students after they leave Nashville and go to Lakeville, and continue working with the same families. Both the Lakeville staff and Nashville staff are strong and I know that your child will continue to have a quality education at both schools.

Already a year later, serving as principal of both Nashville and Lakeville I can verify the following.

I did get to see continued growth in students after they left Nashville. It honestly has been very rewarding to see maturity from kindergarten up through the intermediate grades this year. It was also rewarding to continue working with parents I had previously worked with at Nashville. And yes, I feel very confident in saying that both staffs do a great job providing a quality education to your son or daughter.

As we look to close out this year, I am excited to continue working with students, families, and staff at both buildings again next year. Enjoy your summer, take time to enjoy time with your family, and I am sure I will be seeing many of you as we close out the last month of school.

As always, thanks for your continued support.

Sincerely,
Mr. Zimmerly
Lakeville Principal
